

Connecting things together

Thanks everyone for
being present and active!

High quality meeting

- Very good contributions from many sites
 - A lot of collaborative development
 - Tango for Industry
 - Very live and constructive discussions
 - Good proposals
 - A lot of highly competent persons
 - Sometime unknown from the authors
 - Independent from the noise on the forum...

30th meeting: 1st with new organization

- Growing number of institutions
 - 64 attendees, 18 institutions from 11 countries attending
 - 40 different institutions/companies using TANGO
 - Europe + UK + South Africa, India, Australia
- Growing number of industry contribution
 - AKKA
 - Nexeya
 - Theosis
 - 3 Controls
 - Cosylab
 - Prevac
 - National Instruments

Consortium members

- 8 members contribute to the common investment today
ESRF, Soleil, Elettra, Alba, Desy, MaxIV, Solaris, INAF
 - Community animation website/forum/ mailing-list
 - Documentation/packaging
 - Catalogue/industrialization
 - Promotion to new sites
- New identified contributors
 - SKA office (UK)
 - SKA South Africa
 - ELI beamlines?
- The main contributor should remain the community
 - Individual initiatives of institutes or companies
 - Living ecosystem

Consortium members

- Need more contributors to manage it in a professional manner
 - Management of the development + animation + follow-up eats man power
 - Long term maintenance of previous versions
 - Certification of contributions...
 - Packaging, installing...
 - Enhance the overall quality
 - Grow the eco-system, become a defacto-standard
 - Create business for industrial partners
 - Need to finance resources to do the job...

Thanks to our host

- Onera
 - Christophe Chappet
 - Nadine Barriety , Valerie Carreau
- AKKA
 - Sponsorship (Dinner)

Connecting things together

Thanks to everybody
