

Welcome to 40th Tango Community Meeting

Zbigniew Reszela on behalf of Organizing Committees and ALBA Controls Section

40th Tango Community Meeting – 8-10/06/2026

Welcome

Community!

History of TANGO at ALBA

- 2004 – ALBA Control System will be built with TANGO.
- 2005 – First ALBA ICALEPCS paper about TANGO:

10th ICALEPCS Int. Conf. on Accelerator & Large Expt. Physics Control Systems. Geneva, 10 - 14 Oct 2005, PO1.054-6 (2005)

A TANGO BASED CONTROL SYSTEM FOR A 3D MEASUREMENT
BENCH FOR MAGNETS

D. Beltran¹, F. Becheri¹, R. Butzbach¹, D. Fernandez-Carreiras¹, J. Klora¹, P. Readman¹, E. Taurel¹
¹CELLS (Consortium for the Exploitation of the Synchrotron Light Laboratory), Barcelona, Spain

- 2010 – ALBA signed the TANGO MoU.
- 2016 – ALBA signed the Tango Controls Collaboration Agreement.

***TANGO is the corner stone of the ALBA
Control System.***

This is not the first Tango Meeting at ALBA...

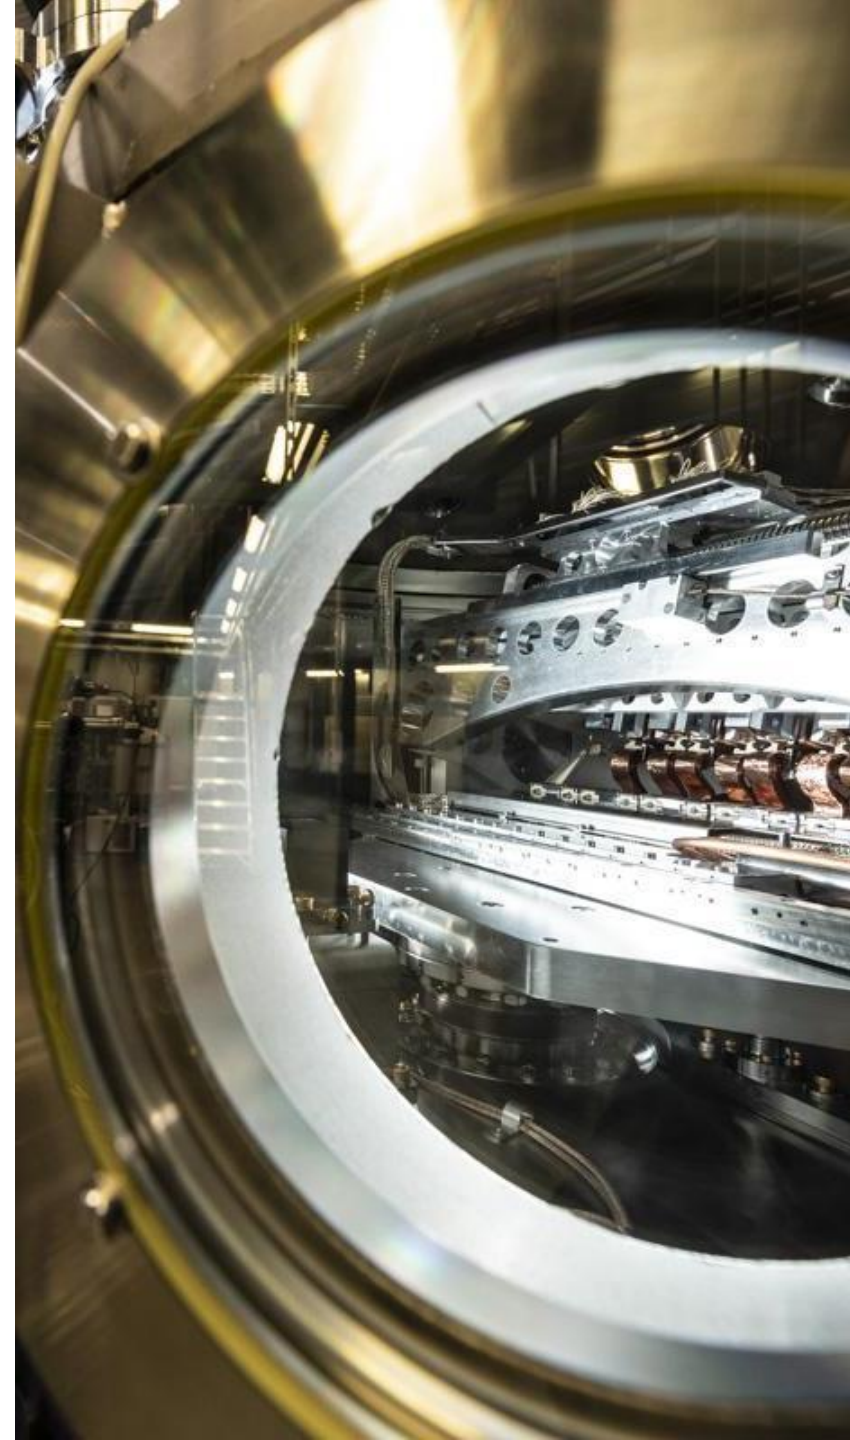

TANGO Collaboration

TANGO core values are **collaboration** and **sharing**, these allow us to:

- Learn from each other's successes and challenges.
- Identify common needs and opportunities.
- Avoid duplicating efforts.
- Develop more efficient and sustainable solutions.

I hope this meeting will enable these interactions and will strengthen relationships between our institutes.

Wishing you fruitful 40th Tango Community Meeting!
